

**NORTHERN STARS VOLLEYBALL CLUB INCORPORATED**

# **Team App Guide**

## **1. PURPOSE**

Northern Stars Volleyball Club (NSVC) is opting to utilise "Team App" as a method of safe and efficient communication between the club and its members. Team App will be utilized for all official team-based communication throughout the 2018 season and will be compulsory for teams with junior members.

## **2. GETTING TEAM APP**

Please follow these steps to access Team App for NSVC:

- Download Team app via Google play or Apple iTunes
  - Members without a smart phone can be manually added to any team app to receive e-mail correspondence instead of in-app push notifications. Members without smartphones can also access the website version of their team's app
- Create a log in and fill in the relevant information and contact details
  - Parents can create a login for themselves and their child and be allocated/assigned to their child so that they receive the relevant notifications
- Open the App and log in
- Search for Northern Stars Volleyball Club (NSVC)
- Select Northern Stars and at this point you may be asked for additional information
  - The club will then allocate you to the relevant team and you will start receiving news and information relating to you and your teams as well as communications from your coaches

## **3. USING TEAM APP**

There will be several options available to you in the app which operate as follows;

- News – Coaches or the club can post news/information in this section. You will only see information in here which is relevant to the team you are in. For example; if the Super League Men post their team selection for the week in News, the Super League Women will not see this. Comments may be left and will only be seen by members of your group/team.
- Events – Recurring or one-off events will be posted in the events section. Players can select attending/not attending on these events to assist organisers with preparations as necessary.
- Availabilities – If a player is going to be going away or missing for a significant and/or fixed period of time, they can nominate when they will be away to advise their coach and team members.
- Social Media – This section contains links to our Facebook, Instagram and website so that you can keep up to date with all that is going on and see all the latest photos and videos.
- Documents - This a place for all our important information, policies, procedures and documents.
- Sponsors - This section contains a link and information to some of our club sponsors and supporters. Please check this out and support those who support our club! Some of our sponsors even have club member special deals which you may want to check out.

## **4. QUESTIONS**

The website [www.teamapp.com](http://www.teamapp.com) is a great place to get help and look up how to use Team App. If you need help specifically relating to the app itself, this is the place to go. For any other club related queries please contact the club at [enquiries@northernstarsvolleyball.com](mailto:enquiries@northernstarsvolleyball.com) .
